	<i>Based on</i>	<i>Silver soldering</i>	<i>XLPE Heat-Shrink</i>	<i>PVC</i>		<i>....</i>	<i>....</i>
<i>Materials information</i>	<i>(For information like: "PVC-free", "Phthalate free", "DEHP-free", etc.)</i>						
EU Declaration of Conformity for products regulated by RoHS 2							
The object(s) of the declaration described above is in conformity with Directive 2011/65/EU of the European parliament and of the council of 8 June 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment.							
This declaration of conformity is issued under the sole responsibility of the manufacturer.							
Voluntary declaration on RoHS conformity							
This object of the declaration does not fall in the scope of the Directive 2011/65/EU on the Restriction of Hazardous Substances Nevertheless, according to the information gathered and at the best of his knowledge, the manufacturer declares that the product referred does not contain any substances of those specified by the Directive 2011/65/EU, in quantities exceeding the respective limits stated by the same Directive.							
Voluntary declaration on material content related to RoHS substances							
This object of the declaration does not fall in the scope of the Directive 2011/65/EU on the Restriction of Hazardous Substances According to the information gathered and at the best of his knowledge, the manufacturer declares that the cable contains following substances of those specified by the Directive 2011/65/EU, in quantities exceeding the respective limits stated by the same Directive.

REACH declaration 1907/2006/EC							
According to the information gathered and at the best of his knowledge, manufacturer declares that the product referred does not contain any SVHC of the candidate list in a quantity superior to 0.1% in weight							
In compliance with the article 33.1 of the REACH regulation 1907/2006/EC, we inform you that the product referred contains the following SVHC of the candidate list in quantities exceeding 0,1% on cable weight.							
.....
<i>Environmental Management system</i>	(ISO 14001, ref. XXX NO)						
<i>Electromagnetic information</i>							
<i>Emissions</i>	During normal use, there are no significant emissions hazardous to health or the environment.						
<i>Energy loss</i>							
<i>Reuse</i>	It is not recommended that cables are re-used after dismantling or at the end of life due to safety and performance implications						
<i>End of life</i>	Metal components of this product are totally recoverable. All the other materials used in this product may be recycled by mechanical or chemical processes or incinerated for energy recovery.						
<i>Additional information</i>	<p style="text-align: center;"><i>The lead sheath / screen may be replaced by an aluminium based screen.</i></p> <p style="text-align: center;"><i>In case of uncontrolled, open fire, the main substances are: soot, carbon oxides and depending on the substance also water. (In case of low fire temperature and halogen containing products, several hazardous emissions may be formed.)</i></p>
